### The Premises:

Jessie-May has a house in an area which was very familiar to me in my youth. It has however changed over recent years with a lot of regeneration work and Jessie-May now lives in a modern house in a quiet well looked after part of the estate.

### The Lady:

Jessie-May is an attractive woman in her mid thirties. She has an infectious smile and personality and a large chest if that's the sort of thing that floats your boat.

### The Story:

I have been thinking GFE is such an awkward thing to describe isn't it. It can be so many different things to different people I would suggest. I even spoke once with one punter who said he enjoyed a providers GFE because she was like a real girlfriend because she lay there inert through most of the proceedings. Well going back to the day when i had girlfriends it's fair to say none of them were like the one he described thank the Lord. But it just shows we all have different expectations.

But i suppose to truly give a GFE you need something a bit more than lots of kissing and cuddling (which seems for many to be the best expression of GFE for many). I think rather you need some sort of sense of connection and a feeling of mutual fun and enjoyment which pervades the entire meeting. Well for me Jessie-May gives this in spades. We got on famously from the off and there was a genuine sense of mutual satisfaction. Now of course the difficult thing is that just because i clicked with Jessie-May does not mean everyone else will - we are afterall thank goodness different people and attracted to different things. However I find it hard to believe that most men would not be attracted to the warmth of Jessie-May's personality. She is such good company - an intoxicating mix of fun, humour, intelligence, warmth and sexual power.

But if Jessie-May is a perfect incapsulation of GFE what she most assuredly is not is a girlfriend you only meet a couple of weeks ago, where you are testing the grounds out with one another and taking no risks. No Jessie-May is the girl you have been dating for sometime and where you are now pushing one anothers sexual boundaries through experimentation - and to boot she is the sort of GF who has a far dirtier mind than you have.

Jessie-May does have a profile on the purple site with all she says she does on it - so if you want to look her up there (although like so many she lost all her history from a previous ID on there without them giving her any reason but so many providers have suffered from this in the past too). But she covers pretty much all the options within a safe sex context.

But i would wholeheartedly recommend her and i know i shall be a repeat visitor.
