### The Lady:

It said on the website she was 29 and I did challenge her on this a couple of times, though not in the way you may think; she has a very sweet face and incredibly toned body and I would swear she hadn't seen 25 yet, but she assured me she has! Very beautiful lady with an incredibly sexy smile.

### The Story:

Ever since stumbling upon a video of nuru massage whilst surfing for some "late night entertainment" on the web, I have been really keen to find someone who offers this in London. The day came when I decided to do this and I spent a few hours researching what was available in London. I got a bit disappointed as I was keen for the whole nuru thing with at least a bj at the end of it, though some of the girls didn't look all that and likewise some of the sites and despite the fact they were happy to have full body contact they offered no happy ending! So I pretty much gave up on the idea but seeing as I had now worked myself into a bit of a frenzy thinking about it, I thought I would see who was available that night at Max's. I couldn't believe my luck when I saw Peaches profile picture and then read that she was a nuru specialist!!! All that time I had wasted!

I wanted to make the most of the experience and whilst the girls at Max's never hurry you, I though I would plump for a 90 minute session rather than just an hour. Peaches greeted me at the door in just a bath robe and immediately began to deep French kiss me whilst her hand made a move for my cock and balls! I knew then this girl was going to be a lot of fun and I was right.

After the obligatory giving of the gift and taking a shower, she had me on the bed and we kissed, sucked and fucked until I came. She explained how it was best to get this tension out of the way first before moving onto the nuru, which I can understand, though next time (and there definitely will be a next time!) I will probably go for the one hour, with nuru then sex.

We both got in the shower and washed each other as our bodies had to be clean and wet for what comes next. She laid me on her air mattress which was in the other room and poured this hot goey

liquid all over my chest and rubbed it all over, first with her hands, but then more expertly with her body; especially her boobs! We slipped and slid together for about 30 minutes then she started paying more attention to my once more throbbing cock. She slid up and down it, from her belly, between her boobs and to her mouth, then straight back down again. Then she turned herself around and slid her back and her arse cheeks over my hard cock, before massaging it between her thighs, calves and feet. Turning over once more she looked me in the eyes and then smiled her sexy smile as my cock was squished between her oily boobs as they slid down lower so she could once more take me in her mouth.

She then gave me a ferocious cock sucking, massaging around my arse and balls, whilst she twisted down to the base of my cock; up and down, harder and faster until eventually I could hold back no more and shot what little spunk I could manage up into her sweet mouth.
