### The Premises:

Been to the flat before, it is less than a min from station. ground floor, small bedroom, more like kids room. Very hot in the room. clean and tidy.

### The Lady:

Fair skin tall asian, she says she is mixed with Aussie dad, maybe not sure . but she is the girl in the photo.

### The Story:

I called coz I was looking for a girl who was into a bit of mild dom stuff and the agency recomed this girl. We chatted a bit about what I wanted and they said she was ok with that. When I arrived I brought the thing I wanted her to use and wear. she was dressed normally and we had a talk in the living room to make sure we both knew what to expect and to come up with a safe word incase I wanted to stop. I sorted finances with her. she got changed into her gear. She was wearing a leather corset (or bustier or something) and thigh high boots when I came out the shower. She looked like catwoman.

I'm used to being submissive in sex so she took charge. She grabbed my ear and dragged me to the bedroom and shouted at me to get on my knees then to lick her pussy. She slapped my face when I didn't go fast enough and told me to put my fingers inside of her and wipe the wetness over my face. Then she grabbed a blindfold and some cuffs and tied me to the bed. She rubbed her body across mine until I was squirming and finished off with a mind blowing BJ while I was still tied up.

I'm still new to this so I was glad she went easy on me. I was out of my comfort zone but I never felt like it went too far and I didn't have to use the safe word. She taught me a few things about the dom world. She's very experienced so could probably do more if your looking for more fun type stuff.
