The Premises:

This punt was made via a card in a phone box which advertised an African girl. It seems ages since I've been with a black girl so I went ahead. The location was a basement flat near Edgware Road tube.

The Lady:

I was greeted at the door by a young man and that immediately made me nervous. Just past the door were some curtains across a door and in the room was a table with 2 girls, both white, sitting down. They told me they were the only two girls available and from the girls voice I detected she was Romanian. I chose the bustier girl because my previous two punts were Chinese women, both of whom didn't offer topless. I was led to a large room with a bed with the bottom covers only.

The Story:

I was actually quoted £40 on the phone for topless hand relief, but I knew from a previous experience that would not be the case when I got there. I was quoted £40 for relief only and that I had to pay £80 in total to include tits. I haggled that down to £60 because that was more viable and besides I had been lied to. Off came the bra to reveal a large pair of 36DD natural breasts albeit that one had a tattoo on it! The hand job was given with me still standing; the first time that's ever happened. It was actually quite horny as I gave her tits a really good feel while she was jacking me off. I avoided her nipples because I am sure that would have been another £20. It took a good couple of minutes before I unloaded onto the carpet.

There are probably a few girls who work at this address, but I doubt if there are any other nationalities than Romanians.
