### The Premises:

Pampers is a shop unit in the village of West Horndon, next to a cafe, near the Industrial Estate. Parking is available in the nearby station, and also in the residential side roads, but beware of the parking restrictions.

Pampers has both a front and back entrance, both controlled by buzzer entry. I usually go round the back for privacy as the front entrance faces the main road and houses and does feel a little conspicuous.

Inside is clean, with 2 massage rooms, and shower facilities. I've only used the shower once or twice in there and it's fine. The rooms consist of a massage table and a chair in the corner.

Entrance fee of £20 is paid to the maid.

### The Lady:

Sherry is an attractive busty English lady, around 30, with olive skin and dark hair, which she had tied when I visited. I would guess she is a size 14, certainly not skinny but not fat either.

### The Story:

Sherry is a friendly lady, I was a bit nervous as I don't much nowadays and she was happy to chat. We started with a massage which was very relaxing, pressing into my back nicely to ease some tension. Also a nice bit of tickling between my legs! After a while I turned over, and she lay on top of me, she was happy to kiss and lick my nipples, and we also cuddled and I sucked on her nipples. After about 5 minutes of this I felt ready for action, and opted for sex with me on top. As it had been a while, it didn't last long but she was happy to kiss while we fucked.

After a quick clean up, and the usually 'what you doing next' chat, I was on my way.

A good punt, as usual nothing spectacular here and it's expensive but at least it's reliable and safe.
