The Premises:

A nice clean modern apartment where I have met her before, parking was quite easy and it seems quite a safe area to park. Entry to the building and her apartment is very discreet with no nosey neighbours that I encountered.

The Lady:

small with a perfectly slim figure that matched her her height and build in a wonderful way. A gorgeous inviting bum, lovely pert breasts with the most amazing prominent kissable nipples I've ever encountered, also a wonderful impish smile.

The Story:

People talk about Spring and the sap rising, today when I woke up sap wasn't the only thing rising. I rang Mandy and found out that she was available at her flat at short notice as already there. We had an excellent early afternoon meeting. As asked she was wearing skimpy underwear, stockings and heels. She greeted me at the door with a deep kiss that got me even harder than I already was. After a soft drink and chat on the sofa, I found she was 'stripping' me down and next thing those wonderful lips I'd recently been kissing were around my cock. Her oral technique is superb, she kept building me up and then slowing me back down until I couldn't hold back any more and came into her mouth when she drank the lot down. After this we rested and chatted before she lead me into the bedroom. I was built back up again, slipped on a condom and this time she rode me and fucked me perfectly, constantly taking me to the brink, then back down again. Her knickers were still on and we had wonderful knicker leg fucking however the bra was off and I was sucking, licking and kissing those perfect breasts and nipples. What an experience, after coming the second time I wasn't sure if I'd be up for a third time, but more playing including giving her shaved pussy some oral attention ended with us going at in missionary with her holding me tight and wrapping me tightly with her legs as well as arms until I came again. After that a nice chat, a shower and both of us on our way with a smile on our faces. She certainly dealt with my 'rising sap' in a wonderful way.
