The Premises:

Her place was newish building about 10 minutes from Ilford station. Felt safe as it was daytime and lots of people and traffic about. Clean flat but the heating was set to the tropical setting.

The Lady:

She was a young buxom lady with medium breasts and a massive bum that just begged to be licked(if only) 5ft 8 Romanian about 25

The Story:

Started off really well with all the right things been said. Then alarm bells rang when she got the condom out and settled down at the bottom of bed

She got me hard and then said missionary even though i wanted to start with cowgirl. It was really good and was french kissing her. When i changed to doggy she went like a statue and made no movement so i wanted to finish with cowgirl but she said she doesn't do this WTF

So we carried on in a side spoon position but she started making the sighing sounds and saying to finish

So i asked for handjob to finish but from that moment on i couldn't kiss her or touch her pussy, just finish

She is a nice lady but only as long as you finish quick
