The Lady:

Suger arrived early and I was just returning home to find her ringing the doorbell. I was delighted with the beautiful vision that was waiting outside. Slim size 6 figure with small but cute breasts, flawless skin, beautiful silky black hair and the most stunning light green eyes in a stylish LBD.

The Story:

Suger was not much for chit chat. Post sorting out the basics Suger jammed her tongue down my throat for some enthusiastic DFK. We continued to kiss for ages while my hands explored her silky soft body. I took her hand and guided it to the prisoner who was seeking to introduce himself. What followed was a very enthusiastic session of OWO where Suger nearly deep throat my substantial assets without any goading from my side. We proceeded to the main course - and Suger eagerly rode me and as she is a light fit girl I was able to with ease lift her off and indulge in some acrobatic action that would have made any porn performer proud. After I finished in the balloon I requested some more OWO which was delivered with gusto on the condition I don't CIM - Suger then finished me by hand as we were already a few minutes over. I highly recommend this sweet lady.
