The Premises:

This basement flat was located about a 15 minute walk from Wimbledon railway station. It was fairly discreet, not many people around. I had a shower before the session.

The Lady:

Lily is petite, German girl with lovely, natural D cup breasts. Her English is very poor so it would help if you know more German than I did! That said she was very friendly.

The Story:

This was such a pleasant punting area compared to some I've been in. We didn't actually do much, she gave me uncovered oral while I played with her breasts. I saw that on her profile she featured facials for £20 extra and I haven't done that for a while. It took a few attempts for me to realise the German word for face which is gesicht. After agreeing to pay the extra zwanzig (20) pounds I stroked myself to completion with the first shot going over her cheek and the remainder over her big boobs.
