The Story:

Milla is a charming, friendly girl and eager to please. I have to say though that I did not think she looks anything like the pictures on the web site, would have said she is a completely different girl. The only other time I thought the same at HOD was with Preeti. Preeti was a lot darker in the flesh. Milla seems to have a completely different shape to her face. Hair is different being a lot longer than on the web site. She is quite tall though. Anyway there is nothing wrong with Milla, she just was completely different to what I expected. I felt lazy and as Milla offers OWO/CIM, and most girls there do not, I decided I would just go for that. This was very good indeed. She is also a very good kisser and I did not detect any trace of smoking at all (see a previous report). Afterwards a nice massage and chat. A very pleasant experience.
