The Lady:

Helen is seriously handsome, she looks way better than the pictures. Her body is gorgeous and she has an amazing and cute face ... in one word: "sex bomb".

She has a great attitude as well.

The Story:

For me was the first time there, after a good glass of red wine Helen comes into the room and we had a chat about my likes, dislikes etc.

I'm not that much into the pain side, so I decided to have a Role Play.

The scenario was the Boss (her) and the bad employee (guess who?) who's getting fired unless he please the Boss in every of her needs.

During the first part I worshipped her shoes and feet, the I was used as a dog.

Afterward I was put on the cross and she tortured a bit my nipples, cock and balls (spitting in my mouth and slapping my face from time to time). For me wasn't easy the pain side but I made it to make my Mistress proud :)

I had the chance to worship her pussy too (delicious).

The finisher was me jacking off on her feet ... feet I cleaned up with my tongue right after.

She was really good in that role, I had an amazing time.

Can't wait to get back to her to try some different scenario :)
