### The Premises:

Easy to find top floor flat in Notting Hill. Going up the stairs, I can see that the building has a down-at-heel feel to it. Its a shabby attic flat which Champagne says she only just moved into. Knocked on what looked like a cupboard door which was immediately opened by Champagne standing on the stairs above me. Narrow shower cubicle - only room for one - but the water ran out as soon as I was soaped up

### The Lady:

Champagne is about 5'2" with long brown/bronze hair. She has natural C cups with aerolas the colour of dark brown sugar. She has caramel light skin and an engaging smile. She has a trimmed pussy, which is something that you don't see much these days. She is from Thailand and has a bit of a Cambodian look about her. Her online pix make her more glamorous than in real-life, but she is pretty nevertheless

### The Story:

Champagne answered the door dressed in matching crimson black bra and thong. She led me up the rickety straits to the top level. Once paperwork out of the way I was led to a small bathroom which had a small shower, small enough for one. The bra & thong clad Champagne invited me to step in, and she leaned in and started washing my cock by tugging it into an erection. This was very pleasant, but just then the water stopped running!

Once back in the room we came together in a clinch. Proceedings started with OWO which she interspersed with frequently running the tip of her tongue up & down my shaft and flicking the tip of her tongue around my helmet. Then on with the rubber and straight into doggie which is where I came

Rested between rounds with a cuddle and a chat, and then recommenced with more OWO and then 69 and then into mish to bring us towards the top of the hour

Champagne is a great girl to spend some passionate time with, and I would definitely like to see her again
