The Premises:

This place was a semi detached near Northolt Park (look it up) overground. This was an out and out knocking shop with at least three, probably four girls working there. Getting in and around the house was the usual Whitehall farce scenario, one door shutting another opening, is it clear to go to the bathroom, hang on a minute, doorbell ringing as another punter arrived etc. It was actually clean enough - just very busy, though it might have been the time of day.

The Lady:

Karina, (her purple site name is Karina Best 69) is the girl in the picture and the one I met. She is petite about 5'2" but nicely formed with a pretty face and nice figure. She was joined with her friend whose name I cannot remember - let's call her Ann. She was OK with a nice figure too.

The Story:

I was attracted by the ad for two girls for £80 and as I was in the area I decided to visit. However, I need to distinguish between opportunity to punt and the need or desire for punting activity.

The punt was not a success. Either through a lack of my own desire, the premises and all the activity going on, the bossiness of Karina, or the lack of interest from Ann - she was a first timer to this activity and gave the impression of not wanting to be there or participate, and was painfully shy, I couldn't get a hard on for love nor money. All that happened in the end is that I got both girls to wank me off, which while it was OK, was not what I had envisaged in my mind's eye.

Once finished I buggered off into the cold suburban night.
