The Premises:

Getting well known on town centre shopping street but easy to duck in and out of sight. Clean and everything works upstairs including shower next to bed. Helpful receptionist.

The Lady:

Toyah is a curvy black lady without any impression of being plump. Pretty, open face with a lovely smile. Perfect bum and nice handful of tits, one of which had just had its nipple pierced.

The Story:

Had liked the look of Toyah on website photos and now finally got to see her.

She came in while I was in shower so asked her come back in a couple of minutes.

Then at first I was a bit fearful she was going to be distant and not making much of her body available to me, especially as her first words were 'there is one condition...'. But it turned out she had just had a nipple pierced and the only condition was not to handle that breast.

We quickly relaxed with each other when I started laying down rules about what she could touch which she promptly disobeyed.

Soon we were like old friends completely comfortable with each other and we were groping and fondling and kissing.

Toyah rode me first and then wanted doggy which I then turned into having her on her side. When she started to respond physically she made no attempt to hide it and we had a very intense sexual session.

Then we broke off for a moment before just enjoying each other's company and body and laughing a lot together.

I absolutely loved the girl I had revealed and it absolutely pays to be respectful, fun and sexy with

this lovely lady whom I will visit again as soon as I can.
