### The Story:

Anastasia was just back for the day - said she needed the money and would be making other one-off appearances. Apparently she now has a job and a boy-friend (my age - the lucky bleeder!)- it made me feel good that I was getting one over on him as well as enjoying the punt.

Started with some kissing - not a bad technique but not full on DFK. Then quickly on to OWO which was very good. Then I returned the compliment and she seemed to enjoy me exploring her pussy with a couple of fingers - my regular readers (there must be one or two out there!) will know that this is something I really enjoy. Sex in mish was vigorous and prolonged - she can certainly take a good pounding.

Anastasia encouraged me to slap her arse so I readily did so several times which made her giggle.

She has a really good figure and is talkative and I really enjoyed my time with her which was a full half hour. Possibly having been off the game for a while her technique was a bit rusty but she is still a quality punt for my money and I would see her again if she's ever back on the rota.
