The Story:

Complete con. Let into flat and took into bedroom. Like a fool I gave Lou my £40 for an agreed half hour session. Lou told me to make myself comfortable and said she would be back (bet you guess what happens next). I heard her arguing outside on the telephone then I heard the front door slam. Waited for 2 minutes before I ventured outside the room. No one about so I decided to cut my losses and leave as there was some dodgy looking blokes outside and I was not sure if they were with her. No sign of Lou anywhere. I got back to my car and drove off to a nearby side street. I rung Lou, she answered and gave me a load of abuse and hung up. I put this one down to experience I should have known better really but she was listed on Adultwork and she seemed ok. Avoid at all costs guys.
