The Premises:

A clean, tidy, warm feeling relaxing place. Bedroom is well lit and the bed is super comfy. The only complaint I would have is the crappy music playing in the background. Free use of shower and complimentary mints at the reception area, nice touch!

The Lady:

I have to confess, I am a huge fan of short, busty, beautiful Thai girls and Anita certainly met my criteria. I have never seen such a perfect pair of breasts than the ones Anita displayed to me today. Honestly, you just have to see them! She is petite with curves in all the right places and as a result I was blown away by the body on this girl. Another thing I noticed about Anita was her great command of the English language, so chatting to her was a pleasure. To sum up, Anita is simply amazing.

The Story:

Walked up the stairs, waved at the camera and met the receptionist who was sat behind a window. Had a gander at the menu and opted for the 60 pound topless massage. I didn't really think about it at the time, but upon reflection this whole process may bother some, just because You don't really have a chance to view the girls before you pay and the website photos are a bit sketchy. Fortunately I know that this place usually employs great looking girls and with a choice of four ladies the chances are you are going to see one you like. So after paying I went into the reception area and met the girls. All looked good, but there was something about Anita that grabbed my attention, I will let you guess what that might have been. So in we go to the room and proceed with the massage. Not the best massage I have ever had, but not bad. Anita would be the first to tell you that she has not been trained in massage techniques and I politely explained that wasn't a problem.
