The Lady:

Really stunning lady, shorter than me which I like, very curvy, very cute. Looked even better than her photos. Incredibly sexy, the way she moves and talks.

The Story:

She arrived at my place slightly early and we had a little chat. She was very sweet and there was no awkwardness at all.

Though I didn't want the small talk and we quickly got down to business. We kissed some but I was eager, but I didn't want the GFE.

She gave me OWO on request. Excellent. Couldn't recommend that enough.

I told her to get undressed, which she did seductively, she was real playful. She has a perfect ass, and very nice pussy too, so we 69 for a bit.

She can really, really take a dick.

I would definitely see Yulia again.
