The Lady:

Not as described on her profile. The reviews way off ,but each to their own I suppose. Much bigger than she or reviews suggest. Looking more like her stated age than other suggest IMHO

The Story:

Should have retreated ,but having spent some time getting their and with the sap rising, in for a penny. She had a bad back and let me know about it, also chatted incessantly through out about nothing of consequence. A functional rather than horny experience. As a result I was slow to perform, my fault but the ambience and connection were not quite right.
An inoffensive mumsy lady who I suspect is rapidly approaching her sell by date.
