Strikingly attractive: Danni has dark hair and blue eyes; about 5' 6", very shapely with generous breasts. She is always beautifully dressed and immaculately groomed.

The Story:

I have seen Danni several times over the last two years or so (a mix of evening out-calls and overnights) and every meeting is better than the last. She is warm, responsive, a great kisser and oozes sensuality.

As ever, communications beforehand were excellent and she was bang on time. After a quick catch up on each other's news we embarked on two hours of passionate fun: gradually undressing each other led to a slow build-up of stroking and kissing (Danni responds extremely well to being gently caressed!) before oral both ways and sex in a variety of positions.

She came at least twice during our time together and was extremely adept at bringing me to climax thanks to a combination of fantastic oral technique and whispered encouragement. Plenty of relaxed chat afterwards with no sense of checking the time.

We have already arranged our next meeting....
