The Lady:

Sanita is a good looking girl. She is not as good as her pictures but I was never expecting her to be after they were photoshopped so much.

The Story:

I always wanted to have a escort visit me at a hotel so I saved up and went for it. In my honest opinion it wasn't worth 400 quid! Although she was very pleasant I have had much better experiences.

She doesn't provide all the services listed on her profiles. One of her profiles mentions she does OWO which is one reason I picked her but she refused to do this.

She was very shy and her English wasn't the best which made things a bit awkward at times. She also left 10 minutes early because her agency had messed up her diary and she had another guy to visit.

I wouldn't recommend her but I also wouldn't tell people to stay away because she is genuinely a nice girl. I wont be booking her again though
