The Lady:

Alice is a fit (in the old sense of the word!), statuesque, French stunner in her thirties and at 5' 10", without heels, her blond hair, full breasts and long legs demand attention. She has been in London for many years and therefore her English is absolutely fluent but with the sexiest French accent imaginable. Listening to her makes you want to know her better.

The Story:

Alice was a late substitute for a girl from the agency who was unavailable at the last minute. I am so lucky! At 6' 2" I rarely open the door to a girl and look her straight in the eyes and then when you get such a warm look back you know you're in for a great evening. The reason I keep returning to 00-44 as an agency is that Pat doesn't employ full time escorts, he uses girls who have other jobs, other interests and projects they want to finance and, importantly, enjoy sex. As a punter you therefore get to meet some really interesting girls who can hold a conversation and provide stunning sexual highs. Alice was one of these. I saw her in my non-airconditioned hotel room on one of the hottest days of the year and we got hotter and hotter! I will remember for a long time the first sight of her in bra and thong after she had decided it was far too warm for clothes. As always no details but suffice to say that after round 1 and some conversation a very rare round 2 was achieved. Given my advanced years and the weather this girl has something!

I don't believe Alice works that often so if you get the chance do take it. I will definitely be back for more.
