The Premises:

Well-known busy establishment. Strong smell of smoke and air freshener so don't plan on heading straight back to the wife / gf after punting here.

The Lady:

Attractive young fair skinned Anglo-Indian girl with a North Indian or even Persian look. Pretty face. Medium build. Pleasantly pert small breasts. About 19 - 20 y.o. Not a model type. More a cute girl next door or student type but none the worse for that.

The Story:

A very friendly natural English-born girl. The usual vanilla service but nevertheless enjoyable. My performance was miserably woeful (young + tight = sub 1 minute) but we had an interesting chat afterwards during which she claimed that she can reach orgasm from intercourse with the right client if he has the technique and stamina. I rather have my doubts - do WGs ever climax from sex alone? - but perhaps a reader will prove me wrong.
