The Premises:

Located in flats off a main road. Entrance is off-street, but has an open stairway leading up to her door. The area is safe, with lots of space to park in the area. Flat was clean, with clean showering facilities (and a variety of men's toiletries to choose from).

The Lady:

White English female, around mid-30s. Slim, and about 5'5" tall. Matches her photo's well, although she now has enhanced breasts (different from the website picture). I'd say the photo's on her profile are more accurate than the ones on her website, due to the (newly?) enhanced breasts. Dark hair, just over shoulder length.

The Story:

I booked Demi for a Tie and Tease session. I've got limited sexual experience, and didn't want any worries about performance issues to spoil my hour. Called her 5 minutes before my booking, and was given the directions to her door. I was met by Demi wearing a black bra and very small thong (her, not me). She showed me to the bedroom, and I handed over the cash. She gave me a bit of an odd look, so I'm not sure if that was the right or wrong thing to do before chatting (no idea about the etiquette is in these circumstances). She asked if I wanted a shower, which I accepted, and she led me to the bathroom telling me to hang my clothes on the back of the door. After a quick shower I got dressed again, and headed back into the bedroom. Demi looked at me, and said "Why are your clothes still on?". I mumbled something about not knowing if I was supposed to come out naked. She said that I could have used the towel to wrap around me. Oops.

She clarified that I'd asked for Tie and Tease, and then said that she hadn't dressed up in any particular outfit because she didn't know what I'd wanted her to wear. I explained that I'd gone for Tie and Tease as I'm not very sexually experienced, and didn't want the worry of 'performing', so hadn't considered asking her to wear anything in particular. Demi pointed to a tv on the wall, which was playing some porn, and said "That's performing. You're here to enjoy yourself". A nice touch to put me at ease, I thought.

She undressed me of the clothes that I'd put back on, and then got me to sit on the bed. She then blindfolded me, and guided me to lie back, before she strapped some wrist restraints on me. The remaining time consisted of various sensory delights: brushing her long hair across my skin,

scraping her nails, dripping ice cold water (which made me jump), sucking on my nipples, as well as more intimate activities. At one point she asked if I liked anal play. I said that I had no idea, as I hadn't tried it before. Turns out that I like anal play. I didn't cum, which was one of the things I was worried about. She asked if I masturbated a lot, and I said once a day. She said I needed to try to cut back, as my body was used to cumming through my own firm actions, and not used to other people's touch (which is a worry of mine). She was actually disappointed that I hadn't come within the time. Professional pride I expect. :D

Summary: a very enjoyable booking, even though I didn't cum. The sessions was intense, even though it was tame compared to a previous review I've read, and at one point I thought my dick was physically going to explode it was getting so hard. If I had have cum I think they'd have heard me across the street. Demi's flat was nice and clean, and Demi herself friendly and welcoming. She has a variety of play items and clothing that I saw, and I was a little worried at the start at seeing a large strap on dildo hanging up. Luckily this was not used on me! Definitely going see her again.
