The Premises:

Venus lives in a flat in a very central and easy to reach part of London very near to Bond Street tube. She has a lovely flat with a large room and bed, sofa, mirrors and all the comforts you would expect. There is a small but clean and good shower.

The Lady:

Venus is pretty with a firm body, large tits (implants) with long pointy nipples. She has a firm bum too. She was all smiles and laughter when I entered her room and she looked very sexy in a small lacy body suit with hold up stockings and high heel shoes. She is definitely sexier and prettier than her pics and is very friendly. I was very pleasantly surprised.

The Story:

Like many of the Thai girls, she likes to get down to business straight away and started on a long and noisy OWO. There were no complaints from me. I sat down on the sofa and she lifted my legs and gave me the best rimming I have ever had.

We moved to the bed and Venus got her toys out and gave me a little show, she got out a condom and I entered her pussy whilst she played with her ass. This carried on for a while moving around the room and bed in many different positions.

We finished off with more oral and rimming. She insisted on CIM and so I obliged.

We had a lovely chat and I had a shower.

She is a real GFE and can be PSE too with some lovely services and she is very good.

A real underrated gem, well recommended!

PS. A Thank you to Maria. I wouldn't have picked Venus without her recommendation, and I am glad I did.
