Details of Service Provider:

The Premises:

Same venue as Izabella (Review 117068). Modest shared flat near the fire station. Various swarthy heavily tattooed men wandering around inside, presumably to keep order.

The Lady:

Photos are accurate. Young Romanian girl. Pretty in an "interesting" sort of way. Good slim body.

The Story:

Basic sort of punt. These girls seem unaware of modern innovations such as KY jelly. Fortunately thrusting seemed to have the desired effect in lubricational terms. However my little friend then decided to go on strike (the fact that I forgot to ingest the little blue pill might have had something to do with it) so the punt came to an unsatisfactory conclusion. Still, if you live in the area you could do worse than visiting Ancuta for some stress relief.
