The Premises:

Same venue as Izabella and Ancuta. Scruffy but passable shared flat.

The Lady:

Tallish good looking olive skinned girl in her early 20s marred only by rather soft breasts.

The Story:

As I was leaving Ancuta's room I spied Andrea having a smoke in the living room. My cock was not on top form that day but hope springs eternal so we adjourned to her room. Sadly no amount of tugging, rubbing, pummelling or sucking had any effect in inducing a useable degree of rigidity so I have no idea whether Andrea enjoys a bit of mish or would prefer to be doing the ironing. Wouldn't mind finding out though.
