### The Premises:

Excellent apartment in a nice area, easy to find. Spotlessly clean. Good facilities for a wash or shower. Didn't arrive by car but there is a big car park next to the apartment block. Despite being so close to the city centre there were very few pedestrians around, so you're able to make a discreet entry.

### The Lady:

Amy's photos are, of course, excellent as she is so attractive. In real life she is even better - slim, very attractive with beautiful hair and a super figure. All the details and information on her website are completely honest and clear, so a prospective client will have absolutely no doubt that she is a totally genuine and thoroughly professional girl.

### The Story:

A few preliminary emails gave me all the details I needed to find the apartment, and also sorted out what I had in mind. As a (very) nervous first timer I really had no idea what to expect but Amy was completely relaxed about everything. I'm not going into graphic details except to say that my interest is in foreplay, toys and tongues - all her services are detailed on the website, so do as I did and choose your preferences! Suffice to say that my interests were catered for 100% in a super relaxed and caring way.

No clock-watching - it was I who noticed the time had run out all too quickly. Sadly I should have booked a whole hour and I might have completely beaten my newbies nerves, but I had a brilliant time doing exactly what I had in mind. I don't think I am going to forget her beautiful smooth body and slightly naughty smile.

Highly recommended, and would love to return when I next get the chance.
