The Premises:

Ground floor flat in one of the new(ish) blocks in Water Street - I've seen a number of Thai girls there.

Parking option include a couple of nearby pay and display car parks (which can get very busy) or on street meters (usually plenty available).

The Lady:

Pictures on site reasonably accurate although they have clearly been photoshopped. Claims to be 22 but I would have put her at nearer 42. Having said that, no complaints in the looks department.

The Story:

A case of over promise / under delivery of services.

BJ (OWO) was OK although didn't last very long and it was by no means deep throat. No kissing (apart from the odd peck), let alone french kissing and refused CIM. I didn't ask about rimming or prostate massage as neither of these appeal to me.

Sex (including anal) was fine if a bit mechanical but I got somewhat pissed off the third or fourth time she asked me if I was ready (presumably ready to cum).

Brief massage to conclude the meeting but this was very, very hard to the point of being painful at times.

All in all, not the worst I've had but by no means the best and I wouldn't go out of my way to see her again.
