### Details of Service Provider:

### The Premises:

OK location/apartment. Modern conversion of old building, clean, with easy parking.

Room itself was very dark (presumably to try and prevent punters noticing that she is nothing like her profile or photos!

### The Lady:

Photos and profile are completely fake. More like 40 than 24, size 12/14 not 8. Very strong smell of garlic. Not Japanese - probably Chinese/Thai.

### The Story:

Phone is answered by a nice-sounding far-eastern lady, with quite good English, who pretends to be Akimi.

Lady you meet, can hardly speak English and is nothing like the profile or photos.

1 of the photos is of a Korean clothes model (subsequently found using Google image search). I think all of the photos are fake.
