The Premises:

Flat in Longbridge near main road. Plenty of free parking. Clean and tidy flat.

The Lady:

Gemma is a blonde English girl, 27 years of age and is about 5'5". Nice boobs and bum. Very pretty face and is warm and friendly.

The Story:

I first saw Gemma when she was working at Blue Ice but she now works on her own. She is a charming and sincere girl. I have now seen Gemma a couple of times. She is a lovely girl who is easy to fall in love with.

So onto my recent meeting with her at her flat which she has been in for about a month now. Gemma greeted me with the warmest hug and kiss as soon as she opened the door dressed in a black see through negligee. This immediately made me feel welcome and naturally put me at ease. I am most comfortable in familiar surroundings and as this was the first time I had been to her flat, I was a little apprehensive going to a new area. I am generally a nervous and introverted person so this greeting was most welcome.

I was offered a drink – a range of tea, coffee or orange juice (hospitality beyond compare) and we sat down and chatted for about 10 minutes as I caught up with what she had been doing since I last saw her over a month ago. Gemma is a genuinely natural and intelligent conversationalist and we have never run out of things to say, and neither were there been any awkward moments. Gemma has a law degree and can hold a conversation with the best of them but is also down to earth at the same time. She is charm personified.

The flat I should say is in an area where there is plenty of free parking in the Longbridge area, and inside it is very clean and tidy.

Anyway, then we got down to business. Gemma led me to the bedroom and we started with a deep passionate kiss. I would say tonsil hockey is the technical term. I was absolutely immersed and all my worries floated away. I work in a stressful job so this was the ideal antidote and made me feel more than relaxed. This lasted for about 5 minutes by which time I was so rock hard you could have

balanced a tea tray on it! Gemma then reached down and started to rub my throbbing member. Well all I can say is I've never been to heaven but this is what I imagine it to be like. I had to tell her to slow down as I am most sensitive down there and did not want to come early!

I took the lead early on and as my preferred position is with the girl on top, I lay on the bed and demanded that Gemma get on top and sit across me so I could see those succulent 36c breasts in all their resplendent glory. She was most obliging. She leaned in and continued to kiss me passionately sticking her tongue in my mouth in the process looking into my eyes as she did so to see if she could gage my reaction. Well they say that the eyes are a window to a person's soul and what I saw was a sincere girl who enjoys her job. I managed to get a real intimate connection with her while looking into her eyes. In between the kissing, I sucked those puppies like there was no tomorrow with plenty of encouragement from Gemma. Indeed, I was lucky not to have been reported to the RSPCA.

Gemma then started to give me OWO. All I can say is that she gives the best OWO in the business bar none. Slow, sensuous, teasing – she knows how to hit the right spot.

After a further 5 minutes of this, I could wait no more. So Gemma put the condom on. As I have seen her a couple of times now she knows that I like her to be on top, so without further ado, she slowly, teasingly inserted my manhood into her wet and waiting vagina. 'Self-control' was the word of the day so I decided to take this slowly and gently to prolong the experience. You could say that we were making love just like in the movies after all, I am an old romantic. I was her Patrick Swayze and she was my Demi Moore.

I made this last 5 minutes before asking if I could go on top. Gemma said 'good old missionary – my favourite'. Who was I to let a girl down. So I climbed aboard the good ship HMS Gemma and shagged her relentlessly. I could tell she was enjoying it as she moaned and begged me for more. Well when Oliver Twist asked for more he was reprimanded. But this was one girl I was not going to refuse, so more she got. I went at it like a steam train which had lost its brakes. Eventually I could not hold back any longer and released a week's load into Gemma. We held and kissed each other passionately for what seemed like an eternity with me still inside her. It was a lovely experience and it is a shame that my budget prevents me from going more often. If I had my way I would be seeing her every week.

I would say that if you are looking for a lovely, friendly English girl, who gives you a proper girlfriend experience and does not clock watch then Gemma is worth a shot.

Thanks babe. X
