The Premises:

A well reported parlour. For this visit, I was allocated the top-floor room, which involves a climb up two sets of narrow, steep stair-cases. Happily though, the shower in this room is of a reasonable quality and obtaining a warm temperature is not generally a problem. Refreshments are offered and the bed has a comfortable mattress. The room was far too warm, but Carmen dutifully scrounged a fan from below.

The Lady:

Carmen is a very busty 34-FF more mature lady, allegedly aged 38 and best described as maternal. I would say that her size 10 figure is well proportioned with the rest of her and despite her age, she is subtle and agile in the most appropriate of manners. An affable personality, who proved to be very amiable throughout the encounter.

The Story:

Things began rather tentatively with Carmen, as it appeared though as time was being wasted, having disappeared for several minutes to fetch the fan, and once back, worrying unnecessarily about the window and how open it should be and other such fussy reactions, which only delayed things. I have to admit that this initial procrastination seemed to be deliberate, but upon further reflection, I want to attribute this to Carmen's natural nature and desire to ensure that the environment and circumstances are more than comfortable for her client. So, although I disingenuously attributed this delaying, I do not consider that it was done maliciously. Others may wish to keep that in mind though.

Carmen has a very pleasing figure, naturally busty, which she appeared to be particularly proud of, justifiably though. The slight elasticity of her skin betrays her aging years, but this is in no way unattractive. A plus factor for Carmen is that there is a certain amount of authenticity about her reactions and comments, although as previously described in my reports, I, personally, tend not to react well to pretentious displays of pleasure.

Potentially, the best accreditation I can offer Carmen is to denote her as "earthy", and I perceive her as a well-meaning, caring mother of 2, conscientiously taking care of her young and attending to her man's needs with relish and without abandon. A down-to-earth Yorkshire lady, who is full of spirit and genuine wholeheartedness.
