### The Premises:

Her comfortable flat is discreet and easy to find and is a short walk from the tube and perfect for taxis at the end of the evening.

### The Lady:

I finally managed to get to meet Abbey after a few weeks of work and other problems getting in the way. She bore my endless cancellations with complete grace and politeness and we finally fixed a Monday night incall.

### The Story:

As for Abbey herself, she was just breathtaking from start to finish. She opened the door to reveal the international model standard reported by previous reviewers, they really weren't lying and neither am I.

Once I'd handed the envelope over, the notion that I was paying to be there could not have been further from my mind. To begin with she handed me a superb glass of premier cru chablis which kept flowing throughout the evening and we began talking about everything under the sun as she could tell I, being brand new to this, was a bag of nerves. It soon became apparent that she is pure, refined, educated, class. Some one who can put any character at ease in the comfort of her warm home. She is wonderfully intelligent, funny and driven, making for the perfect conversationalist. This also, when added to her beauty, makes for one of the most attractive women I've ever met. In my humble opinion the companion that you need to spend several hours with to get the full experience.
