The Premises:

I found out about this lady through a friend, she works only on out calls so you have to arrange to see her at a hotel, or your place. East London/Essex or Kent is her preferred location, we met up in a hotel at Thurrock.

The Lady:

Margaret is a beautiful black lady who has spent most of her life in Europe, and is now living in the UK. I would guess that she is in her mid 30s, greeted me warmly and immediately put me at ease with her relaxed manor. She stands about 5' 7" and is a size 12/14. She is very curvy, which I prefer in a woman, and I would say is a bust size of 34C. Her prices are charged by the hour, and the first one is £120. You can negotiate with her for sessions that last longer. I went for the one hour service which was very good, sort of GFE experience if you like.

The Story:

First up, once the financial business was out of the way, I undressed her of what little she had on, very skimpy knickers, bra and slip. I then went into a long session of kissing all over her body, ending up by me giving her OWO. I think she had an orgasm at this point. I then slipped the Johnny on and we had sex in mish for a while, her with her legs up around my shoulders. I finished very quickly, but wanted more, so suggested we remove the condom, and she continued doing me OWO, I standing and she kneeling on the floor. We finished up with 69, so that I could get some more of that lovely pussy. It was at this point that I shot my load for the second time. Margaret must be a very sexy individual, this girl certainly knows what she is doing in the Bedroom. Afterwards we showered off together, which was nice and sexy, soaping each others body's clean, as I like to feel clean and refreshed afterwards, and left with a smile on my face, and a spring in my step. Gentlemen if you fancy a trip on the dark side, I can thoroughly recommend this lovely lady.
