### The Lady:

Lady in her forties, average looks and build and wears fetish gear (leather and PVC). Very dirty mond.

### The Story:

I have visited Mistress Elektra before and on this occasion she had a new female slave with her. Mistress Elektra was dressed in a PVC one piece short dress with plunging neckline. Her slave was dressed in lacy underwear and shed. There was time for a drink and a chat afterwards before her next client. I am sure I will be back. The theme of the session was for me to be spit roasted and to orally pleasure the slave as I was pegged with the strap on. This was a wonderful experience. Mistress Elektra is also very much into bi interaction with a select group of her clients. Great session that fulfilled my fantasies.
