The Story:

I've had a few erotic massages in my time, so I know a good one when I have it. This was among the best. I always like a spot of kissing. That makes a real difference, as far as I'm concerned, and got me in the mood straight away. The massage itself was good. She took plenty of time and knew exactly how to get me aroused. When the time came to turn over, I was ready for it, but she still kept me on the edge for five or ten minutes longer. When the climax came, it was great. I know there are cheaper massages, but this is good value and definitely worth the extra. Will return soon.
