The Lady:

Anabel is very good looking. She is short, has a very nice body, good ass, really cute face. She looks maybe around her age, she is young that is for sure. Anabel wore good lingerie and smell was great.

The Story:

Sorry, this is first time and my English isn't so good. She ask me to leave review because she is new to the city, so here I am.

I was told to book Anabel by the agency, they told me she was new and very good young escort. I wanted anal girl, so I said why not?

Anabel arrive on time at my apartment and my first impression was excellent. I thought 'wow' - she was smiling and very sexy. I remember she smell amazing and I was excited to get down.

I gave her her 'present', which for me seems expensive, but I've been told this is London price!

I am not one of these guys that wants slow romantic girlfriend experience. So I told her that I wanted the most out of the hour and told her that I wanted anal. She was very happy to please me and I got hard just talking to her.

Anabel is short, and I am around 200cm, so when she giving me a blowjob she looks great, really petite next to my big dick. She was very energetic and sucked it hard. Then I tasted her pussy, which I tell you is amazing! book her just for this.

We did normal sex for a while then I apply some of the lube and we went for anal. She was on her back and I hold her legs up, Anabel really liked it. I did her hard and fast and we kissed. She was moaning perfectly and she rub her pussy too. I came this time but I recharged quickly and got another round of anal before our hour was up.
