The Premises:

Imagine something like out of Crossroads in the 70's. Still, at least it was discrete, and had a bed, shower, and towels. I think other arrangements are to be made at some point.

The Lady:

As per photos on website. Very charming and bubbly.

The Story:

The door opened as if by magic as I drifted past. It wasn't magic though, it was Adele watching through the peep-hole. I entered, we made small-talk and she laughed at my underclothes. I then went to wrestle with the shower controls to get something between boiling and freezing, before giving up and deciding that there was more fun to be had back with Adele in the bedroom.

Once there, we started with a massage (at my request), before moving on to a blow job. I then went down on Adele. She was responsive, telling me when to use my fingers, and I think we both enjoyed it. After more kissing, and oral (on me), we went to a long 69 with Adele on top, before finishing by getting the little man dressed and going for cow-girl.

A great end to a great session. Adele delivers a fantastic service and is just so easy to get along with. She is actually the only girl I have seen more than once, and no regrets on that front!
