Anna's apartment, is small very tidy, well presented. There is a lack of hanging space in the bedroom which Anna apologised for, but she does have a very well equipped bathroom which you are encouraged to use.

The Lady:

Anna is very similar to her profile pictures, so she is 5ft 6in 5ft 7 in tall, dark hair, with a sensuous mouth, engaging eyes, and yes gentlemen an hour glass figure with a very generous bosom.

The Story:

I had long held the ambition to have a proper date with a WG. The ladies and the places I know of are great and I would not wish to lose the experience. But sometimes you want something a little different. I had the desire for a day in London, I could take a very beautiful Indie I know, or I could try a lady who is based in London. Whilst I was thinking this one through, Anna joined the Punternet Forum, I looked at her profile, we exchanged some personal messages, and a date was set. This meeting was to be something special, something out of the ordinary and not something I could repeat very often. We met at the Shard for Lunch, and took the opportunity to get to know each other. I seem to think I did most of the talking, but Anna, is attractive, attentive, and very polite. At the end of our lunch we returned to her apartment for some private and personal time.

Anna invited me to take a shower and she waited for me in the bedroom. I like undressing a lady, so aside from removing her shoes, she waited for me in her black knee length dress, with black stockings. She had recently returned from a trip to France, where she had been dancing, and whilst the majority of her skin was pale the slight colouring of tan was evident on her arms and parts of her body. For the duration of the lunch I had been tantalised by the view of her cleavage, nothing immodest just teasing. I resisted the temptation to bury my face in her breasts, I started by kissing her lips. Anna advertises kissing and hugs as her pleasures. She is very good at both. Slow soft kisses, firstly with lips exploring each other, before the tip of the tongue traces your lips.

So many pleasures, so many delights to enjoy and having enjoyed lunch together time was passing me by. As we kissed my hand pushed up the hem of her dress to find her stocking tops, and the swell of her thighs. I removed her stockings and enjoyed massaging her legs, and the view of her

very pretty blue knickers. I removed her dress next before massaging the length of her body. Anna's figure is a little rounder and curvier than her pictures suggest, but her body is very responsive and appreciative to touch. I could not resist any longer and I removed her bra to reveal her magnificent bosom. Her breasts are firm, natural and rise to attention.

Anna and I enjoyed, reversed oral, penetration within the missionary, doggie and spoons position. Anna offered oral with protection, and we both finished with mutual masturbation.

My time with Anna was great. She is well travelled, and a good conversationalist. She makes a great companion and the après experience was very loving. Now I have to admit that unless my financial circumstances change, I could not make a repeat visit. I punt to make memories and Anna will be a special memory, but I cannot justify the expense. Anna charges £200 per hour for her time. What you do with that time is up to you. So for me Anna was a delightful luxury, way beyond my normal budget. Now for the appreciative city gentleman who wants a really attractive very curvy companion, Anna is ideal. I am pleased I met her with Anna, and if you can afford it, Anna is a lady worth meeting. Another point only refer to Anna's official website or her Adult Work pages. There are other sites where Anna is listed showing a discount against her time for longer appointments. I asked the direct question and I was given the information quoted above. Do not be disappointed if you ask for something at a lower price.
