Close to the tube but miserably little room and the shower did not work properly

The Lady:

This was NOT the lady on the web site. Alarm bells were ringing but I was so horny after a long break and, to be fair, she was as hot as hell, so away went my £150

The Story:

Pretty soon regretted parting with my cash.. No empathy, no smiles, no attempt to make it a pleasurable experience. She stripped off and just stood there. Kissing was light - just as well as later on it became apparent she had a cold and had to stop every few minutes to blow her nose. Her idea of a hand job would not be out of place on the rugby field and OWO was just the top 1 cm of my cock. Shallow throat as it were. I tried reverse oral, but she was unresponsive, and actually I'm not bad. No fingers inside. But worst of all was the constant ringing of her phone for texts and voice. Every time she would break off to answer the call. No wonder the old man started to lose interest. When she returned she tried to raise him and half succeeded, slipped on a jonny, sat over me and slipped it in her pussy. The only good thing was that she had a very tight pussy. However I was not turned on. Flipped her over for mish, which was better but I was not going to come, so I slipped off the jonny and was going to try to teach her how to wank a man off. But the phone rang. By the time she had finished I was wanking myself and was nearly there. She came over and put her hand on my balls (I think she might have realised at this point that I was not happy. I came and left - half an hour early. Just couldn't be bothered with her. What a shame

Reflects badly on her, though I wonder at the psychological damage she is doing to her long term sex life as she is really not suited for this work, BUT reflects much worse on the agency.

I will never use them again and I suggest you don't either. Previous reviews of all the girls for the last two years or so, are by one man and their profile on Punternet has been expired. I should have headed all these warning signs.especially when she was obviously not Chloe on the web site.
