Heather has a wonderful way about her. When she came into the room I immediately I knew I was going to enjoy myself. The first minute sets the tone of any visit and Heather certainly makes you feel very welcome, from the first minute till the very last.

We began with a session of kissing and cuddling and then we went onto the bed, where things heated up.

This progressed and eventually she gave me oral without, which I have to say was wonderful.

The only downside is that three days later and I'm still knackered.

Next time I see her I'll have to plan things better so that I'm not going to be that busy in the days following the visit. I'm only just recovering.

Heather has a lovely warm, friendly personality and made me feel very welcome throughout.

The acid test of any visit is was it worth it? The answer is without doubt yes it was.
