### The Premises:

Sophie and Carley use a discrete detached house in a quiet side street in Banbury. Two minutes walk from the station and 5 minutes drive from J10 of the M40. There is off road parking right next to the house and entry can be made through a concealed path alongside the garage. Sophie and Carley keep a very clean place, nicely decorated like a boudoir.

### The Lady:

These are two mature ladies. Sophie is a well kept lady with mid sized boobs and a curvy figure. Carley is more generously endowed and also curvy. Both are blonds. They like to welcome their guests in sexy outfits which show off what they have to offer.

### The Story:

These two give a real girlfriend experience. You are welcomed with a kiss and wasn't long before we were into three way exchange of kissing and playing. Sophie and Carley are both bi and I enjoyed watching them play with each other on the bed before they came back to me and started undressing me.

I was advised to bring along a bottle of fizz, which I did and Sophie showed me her party trick. You'll just love drinking fizz from her pussy.

From there on it was all switching and swapping. I was having oral sex with one while getting a BJ from the other and then they would swap over before one of them took the initiative and straddled my cock.

They are very enthusiastic partners and clearly enjoy what they do. There was no time pressure. At my age I only come once, but they made it clear if I was up for more then so were they.

Afterwards there was no rush to get rid of me. We chatted and played a little bit more before I was offered a shower.

These are two lovely ladies and if you enjoy the older woman then they are a must for a visit if you're in the Banbury area. They told me that they don't get together often, but when they do they like to have fun.
