The Premises:

My first visit to GFE Sheffield, but as per other reports, it's a very nice establishment. It's clean, well organised, polite maid & smart reception & the room we used.

The Lady:

Much used word, but I can't think of anything better - WOW! Stunning figure, as per their website but also a really pretty face & sexy Geordie accent. Sexiest Newcastle export by far, way better than that Cole girl!

The Story:

For an 'infrequent' flyer as I am, the odd occasions when I get a chance to visit an establishment it's got to be right. My visit didn't actually get off to a great start though but only because of circumstances. The appointment started 1/2 hour late. Cherry had popped out for food for her & the other girls but had encountered car trouble which meant things were delayed a little. No great problem for me as it meant I had to sit in the reception a little longer, with her co-workers flitting about, occasionally with clothes on! When we finally got started Cherry was a little flustered after her escapade but dealt with it like a trooper. No need for details, but she is absolutely stunning, so I couldn't help but have a thoroughly enjoyable time, allied to her lovely attitude & nature (though I get the feeling she could really put a man in his place, if that's what's wanted) it just made the whole experience fantastic. Just trying to think of another reason to spend a weekend away again, funnily enough in Sheffield again!! Thank you for a lovely time Cherry x
