The Premises:

Hard to find. Had to go on a bit of a treasure hunt. First to get to the vicinity, then to the local supermarket car park, then to stand outside a curry house, then get buzzed in the gate, into the building, up the lift, around 4 corridors and finally to the location, having to text for the next step of the adventure each time. Was really offputting and quite disconcerting.

The flat itself was nice, modern and clean, but the bathroom was overloaded with a glut of toiletries and wet towels.

The Lady:

She is the girl in the pics, young, pretty, skinny.

The Story:

She told me it was extra for OWO. She seems a nice girl, but shy and that led to the experience being quite reserved and lacking in oomph.

She seems honest and genuine, but there was no spark there for me. Maybe it's because she's young, or maybe she didn't like me/the job, but it seemed quite forced, although in conversation, she was pleasant enough.
