The Story:

I have visited Gaby for a number of years but this is my first punternet review of her and is long overdue. If you read the other reviews please note not a bad one amongst them, which speaks for itself given how difficult it is to please all the men all the time. That said lots of ladies also highly rate her as well. As for services there are some graphic descriptions on other reviews because shall we say she is very open minded and I know she hates the expression PSE but she can equally provide a loving GFE experience. Personally with her I like the no holds barred approach including fantastic DT, rimming both ways, awesome Anal, domination, facials swallowing etc and watersports if you fancy as well !! In other words she is fantastic value for money and on top of that she is a great Lass with a wicked sense of humour and down to earth , real in other words. Remember however just because she provides such services this is not an excuse to disrespect her, treat her as she deserves to be treated and you will be richly rewarded. Highly recommended
