The Premises:

Flat in South London quite near the tube. Area is safe - mostly residential. Flat consists of three bedrooms upstairs, one of which was out of commission due to structural problems in the flat, one small shower room, and a big open plan bar/chillout area downstairs. The shower was inadequate for the numbers there - at least 9 blokes and 3 girls. The floor was very wet by the time I got there.

The Lady:

Three ladies were "working" when I was present. One was called Mei and the others names I didn't catch. Mei was probably Thai, and was quite chubby. The other two girls were not bad looking, and could have been Eastern European. The information given prior to the party was patchy to say the least with not any accurate pictures on the website.

The Story:

When I arrived I gave the doorman the fee and he put away my valuables for safekeeping. I went upstairs, got changed (into nothing) and had a shower.

When I went into the room where the action was taking place, one of the girls was being monopolised by one bloke who continued with her while I was in the room. Another girl, a dark slim Roumanian? said she was on her break and she continued to be on her break for the whole time that I was there

Mei became available and after a bit of fondling pushed me back and expertly sucked on my cock. When I was hard she got me into mish and I fucked away until I came. Since I hadn't had a decent fuck for about three months it was much relief.

After a shower I came back into the room where the monopolised girl was still being monopolised and there were a few blokes hanging around hopefully.

I went downstairs for a rest and after about 10 minutes I was joined by Mei and the girl on the break. They continued on their breaks.

I went upstairs after half an hour and by this time there was the one girl and about half-a-dozen blokes hanging around with their tongues hanging out.

Eventually I called it a day at around 8.40 as it seemed that was going to have to wait a long time for my number to come up. I suppose if I'd been keener I might have stayed to the end in the hope of getting another shag, but I had other things to do, and I've been to many better parties where it's a lot better organised. I think allowing one of the girls to have a break for over an hour and another to have a break at the same time when they are so busy was out of order. So I don't think I will return.
