The Premises:

Pleasant apartment in Milton Keynes, plenty of pay-and-display parking nearby. I've been to Annabella's before but this was my first time to this particular location.

The Lady:

Very attractive slender young lady, matching her photos pretty well (although hard to judge her face from the photos, as blurred out, but a lovely face in real life). Hair currently straight, as in some but not all her photos. British but born in Paris, of French/Spanish parentage, and the Spanish looks clearly showed, dark hair, brown eyes, and a lovely sexy look.

A stunningly lovely body, perfect shaped B breasts, with pierced nipples, long slender legs, and a lovely peachy bum.

The Story:

I chose Zara as my first venture into mild Dom and strap-on, long time a fantasy for me but her pictures were such a turn-on for me I knew I had to take the plunge and turn fantasy into fact with Zara.

Zara came into the room in very sexy gear, looking fantastic, and carrying riding crop, strap on, and a few other bits and pieces.

I explained to her that this was my first taste of Dom and strap-on for real, so please be gentle with me, definitely no ball-busting! She explained to me the safety stop code to use if need be. And she asked if it was ok to be marked, to which I agreed.

She told me to remove my clothes and stand over the end of the bed for a spanking. I obeyed, already really hard. She came up behind me, rubbed her hand gently down my back, then a slap on my bum. Gentle at first, but then stronger, then swipe with the crop. She held my very hard manhood and continued to spank me, a mix of hard and soft so never knew what to expect. She then stopped and put the gag in my mouth, and resumed spanking as I moaned and groaned. Then we moved on to strap-on. She prepared me well, plenty of lubricant, and true to her word she took it gently. Oh my god, it was everything I had fantasised about, by heart was pounding, she massaged my penis while continuing to fuck me.

Almost on the point of coming and she stopped and I was allowed to lay on the bed. Zara sat with me, first removed the top of her outfit so I could caress and kiss those beautiful breasts, then

removed the rest of her clothing. She knelt over my face so I could kiss and suck her pussy, which tasted lovely, natural, not lubricated, and Zara seemed to be responding positively to the gentle sucking and licking of her clitoris. Finally, Zara finished me off by hand, and I lay back totally exhausted.

For my first go at Dom and strap-on, it was a-ma-zing. Zara is a real expert at her art, knew how far to go with me and give me a never to be forgotten experience.

When I got home I looked at the marks still on my bum and got hard again just thinking about it.

Would I do it again? - Yes. Would I choose Zara? - Definitely
