The Premises:

Very nice and clean flat right outside Kensington station.

The Lady:

23 years of age, pictures are accurate with the exception of a slightly larger boob job and lighter hair now.

The Story:

Greeted me with a very pretty smile. After business and shower was out of the way she got me down and gave a memorable BJ full of tongue action, then I put the condom on and got down on her. She was nice and responsive and her favourite position was on top which I love. She was eager to please and not a clock watcher, highly recommended.
