The Premises:

A compact little place that was easy enough to find. Clean and with nice fluffy towels and toiletries provided. Glad I didn't bring the car, parking would have been a nightmare.

The Lady:

I was very taken by Stella's photos and was not disappointed by the lady in the flesh. Very beautiful indeed and her lovely hourglass figure and luscious lips make her exactly my type.

The Story:

Stella made me feel well looked after from start to finish. I brought along a nice bottle of well-appreciated rosé for the two of us to share and we got to know each other a bit before getting down to the good stuff! A very passionate experience with a beautiful Australian lady who made me feel very special indeed. I'll remember those lips for a long time to come! Cannot recommended highly enough.
