The Premises:

We met at her small flat, which is near Fulham Broadway tube station on the top floor of a building in a safe area. It was easy to find. I took a brief shower at the start and also at the end, and the bathroom and towels were nice and clean.

The Lady:

She's a beautiful, Asian lady. She has long, brown hair, which felt silky smooth. She has thin, sexy legs and nice, full breasts. She gave me a smile (and kiss) as soon as I arrived. Her figure is just perfect to see (I asked her to turn around slowly to let me admire her, whilst I sat on the bed; I could have spent the whole time just admiring her). She's shorter than I am (I'm not tall), and therefore perfect.

The Story:

She treated me as if I was her very close boyfriend. The kissing to start, and then, as she undressed first herself and then me, we found ourselves on the bed. She has smooth soft skin. Did I say anything already about the kissing, because throughout, she made sure to kiss me often. I asked her if she wanted to be licked and she eagerly said yes. She also said she liked to masturbate, if I liked watching -- and of course I did. Not much could be better than watching a beautiful, sexy girl masturbating. After a while she asked me if I wanted her to do something for me. I quickly said 'yes'. She then went down on me with wonderful OWO. She said her favourite position is missionary and who was I to argue! So on with the protection, and into mish. My favourite however is from behind which is how we finished. Nothing was rushed, and in fact we lay down together afterwards. And once again, wonderfully, she was kissing me, even though the main event was over.
